

SANDIP FOUNDATION'S  
**SANDIP POLYTECHNIC, NASHIK**  
DEPARTMENT OF MECHANICAL ENGINEERING

---

Date: 23/01/2019

**Name of Event:** Expert lecture on Manufacturing Processes.

**Date of Event:** 23/01/2019

**Resource Person:** Mr. Manoj Gulhane, Manager-Birla Precision Technologies, Nashik.

**Objectives:**

1. To understand working of different machining processes.
2. To understand the concept of friction welding.
3. To understand the working of conventional and non-conventional machining methods.

**Outcomes:**

In this expert talk Mr. Manoj Gulhane explained the concepts of different manufacturing process along with the tools required for lathe machine, drilling machine, drill bits, gear cutting machines. He also explained various gear manufacturing processes. Working of recent VMCs, HMCs, and CNC machines has been discussed in details.

**Participant:** SYME Students
