

SANDIP FOUNDATION'S
SANDIP POLYTECHNIC, NASHIK
DEPARTMENT OF MECHANICAL ENGINEERING

Date: 23/01/2019

Name of Event: Expert lecture on Opportunities on AutoCad

Date of Event: 23/01/2019

Resource Person: Mr. Rajesh Shelke, Director-Access Cad Nashik

Objectives:

1. To make the students learn the basics commands in AutoCAD.
2. To learn advances relevant to the subject CAD/ CAM/ CAE.

Outcomes:

In the expert talk Mr. Rajesh Shelke introduced with the importance of CAD/ CAM/ CAE along with concept of reverse engineering. He also explained the tools to be used in AutoCAD and 3D printing along with the importance of geometric dimensions and tolerance calculations. In this session students learnt different tools used in AutoCAD and importance of the subject matter. Students also came to know about job opportunities after the completion of design software courses.

Participant: SYME Students
