

**Name of Project:-** “KRRYP GARBAGEATM”

**Name of Project group members-**

1. Yash Kishor Gupta
2. Rahul Pradeep Patil
3. Rushikesh Arun Kasar
4. Prakash Dharma Sonawane

**Description:** India rank second largest populated countries in the world. India’s total population is around 1.252 Billion. In 2011-12, Mumbai alone accounted 6.11% of total waste generated daily in India. As its waste piles up, the land-starved city is starting at the big question where to dump. The same is observed in other cities of the country. This Dustbin (Garbage ATM) will keep the city clean and will create awareness amongst the citizens.

**Awards/Recognition:**Secured first prize at project competition at BGIT, Mumbai.Students of Third Year Electrical Engineering Department,1.Yash Gupta 2.Rahul Patil 3.Rushikesh Kasar 4.Prakash Sonawane, secured first prize at project competition
