DEPARTMENT OF ELECTRICAL ENGINEERING

Academic year- 2023-24

Date: 16th September, 2023

Name of Event:- “Engineer’s Day Celebration”

Date of Event: - 15th September, 2023

Venue: - Department of Electrical Engineering, Sandip Polytechnic, Nashik

National Engineers' Day is celebrated annually on September 15th in India. This day is dedicated to celebrating the contributions of legendary engineer, **Sir Mokshagundam Visvesvaraya** of India who was born on September 15, 1861. He is widely regarded as one of India's greatest engineers and a pioneer in the field of engineering and technology.

On this Occasion Department of Electrical Engineering organized “**Quiz Competition, Poster Competition, & Circuit Making Competition**” under the **IEI Student Chapter**.

Outcomes:-

- Students can "think outside the box" or from diverse perspectives by participating in quiz Competition.
- Quizzes are intended to encourage fun learning methods while also enhancing general knowledge.
- Poster making competition is to bring out the creative expression of students.
- Design posters that share their ideas and research.
- The goal of circuit design is to assemble a collection of interconnected circuit elements that perform a specific objective function.
- To recognize the connectivity between various electrical circuit components for specific outcome.

Objectives:-

- Events to highlight the importance of engineering and its impact on society.
- It's also a time for engineers to come together, share knowledge, and discuss ways to address contemporary challenges through engineering solutions.
- Important contribution of Engineers to the developing Nations.

Event Wise Details:-
