

SANDIP FOUNDATION'S

SANDIP POLYTECHNIC, NASHIK

VALUE ADDED PROGRAM FOR FIRST YEAR STUDENTS

Title: Enhancing Presentation Skills of First Year Diploma Engineering Students

Date : 17th Jan 2024

Participants : First Year students of all the branches

Objectives : The objective of this seminar was to enhance presentation skills of the students

Importance

- 1) As an engineer, it's essential to be able to communicate complex ideas to your colleagues, clients, and stakeholders. Paper presentations provide an ideal opportunity to hone your communication skills and develop the ability to explain technical concepts clearly and concisely.
- 2) The 5Ps of presentation – planning, preparation, practice, performance, and passion – are a guide for a successful presentation. Try to apply this to your next presentation and see how things have improved from the previous.
