

Date: 15/02/2024

Name of Event: Industrial Visit to Jadhav Casting

Date of Event: 15/02/2024

Resource Person: Not specified.

Venue: Mechanical Department, Sandip Polytechnic, Nashik

Objectives:

- To organize an industrial visit for SYME (Second Year Mechanical Engineering) and TYME (Third Year Mechanical Engineering) students to Jadhav Casting.
- To provide students with practical exposure to the casting work process in an industrial setting.
- To enhance students' understanding of casting techniques, equipment, and operations.
- To enable students to observe real-world applications of theoretical concepts learned in the classroom.

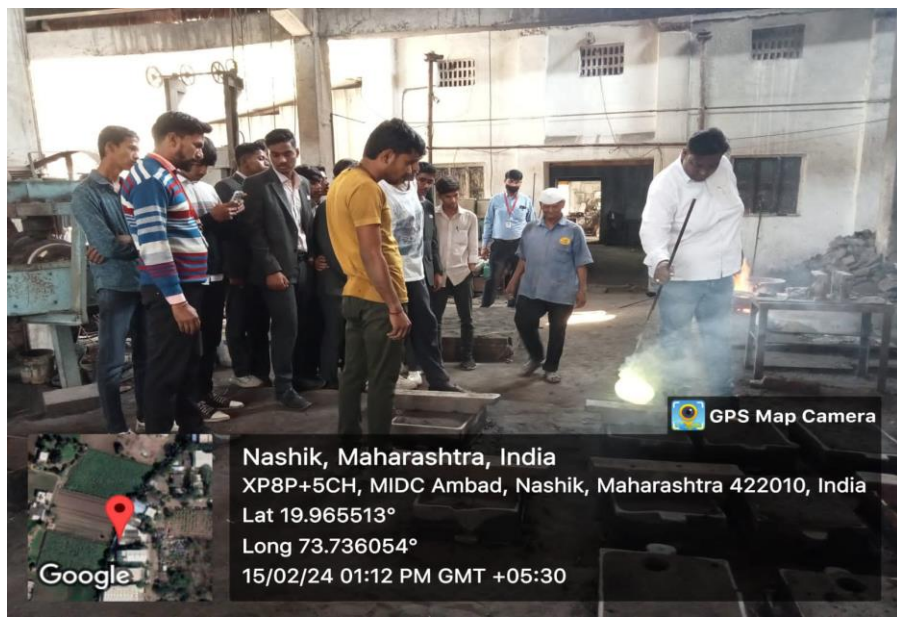

Outcomes:

- 1) Students gained firsthand experience of the casting work process at Jadhav Casting, including mold preparation, metal pouring, and casting finishing.
- 2) Observations and interactions with industry professionals enriched students' knowledge of casting techniques and practices.
- 3) The industrial visit provided students with valuable insights into the application of mechanical engineering principles in manufacturing processes and industrial settings.

Students: DYME and SYME
