

Date: 15/02/2024

Name of Event: Industrial Visit to Vijaya Converter, Manufacturer of Vehicle Chassis

Date of Event: 15/02/2024

Resource Person: Not specified.

Venue: Mechanical Department, Sandip Polytechnic, Nashik

Objectives:

- To organize an industrial visit for SYME (Second Year Mechanical Engineering) and TYME (Third Year Mechanical Engineering) students to Vijaya Converter, a manufacturer of vehicle chassis.
- To provide students with practical exposure to the manufacturing processes involved in vehicle chassis production.
- To enhance students' understanding of chassis design, fabrication, and quality control measures.
- To facilitate interactions with industry professionals and gain insights into career opportunities in the automotive sector.

Outcomes:

- 1) Students observed the manufacturing processes involved in vehicle chassis production, including design, fabrication, and assembly.
- 2) Interactions with engineers and technicians at Vijaya Converter provided students with insights into the technical aspects of chassis manufacturing and quality assurance practices.
- 3) The industrial visit broadened students' understanding of automotive engineering and stimulated interest in pursuing careers in the automotive industry.

Students: TYME and SYME
