

Date: 17/01/2024

Name of Event: Skill Development Program on Powertrain Integration and Diagnosis

Date of Event: 17/01/2024

Resource Person: Not specified.

Venue: Mechanical Department, Sandip Polytechnic, Nashik

Objectives:

- To conduct a skill development program focusing on Powertrain Integration and Diagnosis for TYME (Third Year Mechanical Engineering) students.
- To enhance students' understanding of powertrain systems and their integration into mechanical systems.
- To develop skills in diagnosing and troubleshooting powertrain-related issues.
- To provide practical insights into the operation and maintenance of powertrain components.

Outcomes:

- 1) Students gained a comprehensive understanding of powertrain integration and diagnosis, including principles, components, and systems.
- 2) Practical demonstrations and hands-on sessions enabled students to apply theoretical knowledge to real-world scenarios.
- 3) The program equipped students with valuable skills and competencies necessary for analyzing and resolving powertrain-related challenges in mechanical engineering.

Students: TYME
