

Sandip Foundation's
SANDIP POLYTECHNIC, NASHIK
PROGRAM : ELECTRICAL ENGINEERING
Academic Year :2024-25

Vision of Department

To develop Professionally skilled electrical engineers to fulfill the needs of industry and society at large.

Mission of Department

M1: To offer quality technical education through student's centric teaching learning methods to enhance technical knowledge, skills and positive attitude.

M2: To provide a learning center for entrepreneurship, employability and higher education.

M3: To develop interpersonal skills for professional growth.

Date:03rd October, 2024

Name of Event:- Expert Lecture on “Application of 2D & 3D Software in Industry”

Date of Event: - 01stOctober, 2024

Resource Person: - Mr. MayurWagh, Director, CAD Centre, Nashik. (9763857187)

Venue: - Seminar Hall, Sandip Polytechnic, Nashik.

Objectives:-

- These objectives aim to equip students with a robust skill set and a practical understanding of how 2D and 3D software is utilized in the industry, preparing them for future careers in design and related fields.
- Assess students' ability to complete design projects on time while meeting specified requirements and quality standards.

Outcomes:-

- Working with both 2D and 3D software allows students to build a diverse portfolio that showcases their versatility.
- Students are encouraged to experiment, which can lead to innovative design solutions and personal style development.
- Familiarity with various software makes it easier for students to adapt to new tools as technology evolves in the industry.
- Students will engage in self-reflection, recognizing their strengths and areas for improvement, and setting goals for their continued development in design.

Beneficiary: - SYEE Students
