### Value Added Program

**Name of Event** : Value Added Program on “**Node JS**”.  
**Date of Event** : 25/07/2024 TO 29/07/2024  
**Resource Person:** **Mr. Deepak Shinde.**  
**Codedrift, Ranrajya 1, Near Bhonsala Military School, College Road, Nashik**

#### **Objectives:**

- Day 1: Introduction & fundamentals of Node JS & Set up Node JS and build a simple Node.js application
- Day 2: Asynchronous programming and building RESTful APIs, Data Integration
- Day 3: Design Real Time application, error handling and testing with conclusion

#### **Outcomes:**

The 3 Days workshop had been organized for the 3<sup>rd</sup> Year students of Sandip Polytechnic, Nashik Department of Information Technology & Computer Engineering. Expert on Mr. Deepak Shinde had talked about the Node.js runtime environment and its core concepts to set of skills for developing, testing and deploying Node.js application.

By completing various hands on projects and increased confidence of participants will feel more confident in their ability to work with Node.js.

That participants leave the workshop with a solid foundation in Node.js and the practical skills needed to build and maintain real world application.

**Participants:** The Students of Third Year Information Technology and Computer Engineering Department of Sandip Polytechnic, Nashik.
